

Directions to Peter's garage in Jersey City

From I-78

Head east to NYC to NJ Turnpike North to Exit 15E or Route 1&9 North (exit to the truck route just before the Pulaski Skyway).

Follow signs to Jersey City, and you'll be heading east on Truck Route 1&9.

After the second drawbridge you'll be heading down to an intersection, stay in the center lane and head straight thru the intersection (this is Route 440).

This puts you on Communipaw Avenue.

From I-80

Take I-280 East. As you approach Newark, stay in the right lane. After the exit for the Garden State Parkway move over to the right 2 lanes on I-280 east (left 3 lanes will put you in Newark). Head thru Newark, over the Stickle drawbridge. About 2 miles later exit towards Jersey City to the right (Left lanes take you to exit 15W of the NJ TPK). This puts you on a nondescript road that runs past a USPS hub (the sole traffic light) and then puts you on Route 7. Keep heading east towards Jersey City. After crossing a draw bridge, stay in right lane and make a right at the light onto Truck Route 1&9 south. At 5th traffic light, make a left onto Communipaw Avenue (just past Lincoln Park).

From Communipaw

After the fourth traffic light, turn left onto Bergen Ave

Make the first right onto Harrison Ave.

Halfway down block on the right is the north entrance to Peter's garage at 99 Harrison Ave.

(The south entrance to Peter's garage is 620 Communipaw Ave which, from the fourth traffic light, is midway down the block on the left, next to an empty lot and across from a liquor store.)

Peter will try to get the lot across the street (from the north entrance on Harrison Ave) open for extra parking.
